

30th Annual International Workshop on the Global Programme Zone

Zoom meeting on
Saturday 29th November 2025 10.00 to 11.30

This Annual Workshop brings together those interested in undertaking activities within the global programme zone and to generate ideas and activities how Scouts can help others.

Suitable for Scouts as well as Leaders,

We will consider global events including changes in climate resulting in more extreme weather events and loss of life, creating peace through understanding other people, reducing hunger and poverty and how Scouts can make a difference. So, in this interconnected world we need to ensure that we have the skills to help others who are in need of our help.

Our programme will include –

- Our annual ranking of human needs and concerns and how Scouts can make a difference
- Contributing to sustainable development goals
- Scouting links and visits abroad
Cycling in Guernsey; visit to Malawi (2025); other visits
- Scouts against Malaria
- Providing clean water for Masindi, Uganda
- activities for the global programme zone

Other contributions welcome – please advise.

Zoom invitation to follow
